OBSERVATIONS

ON

THE EMIGRATION STATISTICS OF IRELAND

FOR THE YEAR 1909.

TO HIS EXCELLENCY JOHN CAMPBELL, EARL OF ABERDEEN, K.T.,

Esq., Esq., Esq.,

LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND.

I have the honour of submitting to your Excellency my Report on the Emigration Statistics of Ireland for the year 1909.

Emigration
from Irish
Ports.

From the figures that have been collected, it appears that the total number of emigrants from Ireland in the year 1909 was 29,330. This figure shows an increase of 5,278 over the number of persons who emigrated in the year 1908, and represents a rate of 6.7 per 1,000 of the population of Ireland estimated to the 30th June, 1909.

Of the total emigrants from the country, 15,882 were males and 13,448 were females. Of the former figure 466, and of the latter figure 88, belonged to other countries, so that the total number of emigrants who were natives of Ireland was 28,676, the number of males being 14,916, and the number of females being 13,760.

Notwithstanding the fact that there was an increase of emigration in the year under notice as compared with the year 1908, the emigration in 1909 compares favourably with that in any of the previous years for which records are available, namely since the 1st May, 1851, as may be seen in Table I, on next page.

The text of this Report includes:—

- 1.—A tabular statement of the yearly emigration of natives of Ireland who embarked at Irish ports from the 1st May, 1851.
- 2.—A table showing the emigration, by provinces, for the year 1908 and 1909 with the increases or decreases in 1909.
- 3.—A table showing by sexes, the number of emigrants (Natives of Ireland) from each province and county from the 1st May 1851 to the 31st December, 1909, with the ratio to the average population of each county.
- 4.—A table showing the number and ages of emigrants from each province, and from all Ireland during 1909, with the proportion per cent. at each age-period.
- 5.—A table showing the destinations of the emigrants.
- 6.—A tabular statement showing the number of steerage passengers to the United States of America, who had their passages paid for in America.

The summary portion of the Report consists of 5 detailed tables:—Table I, shows for each county and province, the numbers, sexes, ages, and conjugal condition of the persons who emigrated from Ireland in the year 1909.—Table 2 shows the ages and occupations of the male and female emigrants who left Ireland in the year 1909.—Table 3 gives information regarding the occupations by certain age-periods of the emigrants who left Ireland for the United States of America in the year 1909.—Table 4 shows the destinations of emigrants (Natives of Ireland) from each province and county during the year 1909, and the number of emigrants from each county to every 1,000 of the population, according to the census of 1901.—Table 5 gives the number of male and female emigrants (Natives of Ireland) who left 21 Irish Ports, respectively, during each month of the year 1909.

Number of
Emigrants,
1851-1909.

The collection of Emigration returns for Ireland dates from the 1st May, 1851. The returns, as collected and published, show that the total number of emigrants—Natives of Ireland—who left Irish ports from the above-mentioned date to the end of December, 1909, amounts, in the aggregate, to 4,154,986, the number of males being 2,157,904, and of females 1,997,082. The number of emigrants for each year, from 1st May, 1851, to the 31st December, 1909, is given in Table I., also the estimated population and the rate per 1,000 for each year of the included period.

TABLE I.—Showing the Number of Emigrants—NATIVES OF IRELAND—who left the Ports of Ireland in each year, from the 1st of May, 1851,* to the 31st of December, 1909; also the population estimated to the middle of each year, and the rate per 1,000 of the population in each of the years, 1852-1909.

* The date at which the collection of these returns commenced.

It appears from the above tabular statement that the largest number of emigrants for any year of the period 1852-1909 was 190,322 in the year 1852, this number representing a rate of 30.0 per 1,000 of the population of Ireland estimated to the middle of the year; and that the smallest number was 23,295 (or 5.3 per 1,000 of the estimated population) in the year 1908. Between the figures for 1852 and 1898 the highest six numbers were—179,148 in 1853, affording a rate of 39.9 per 1,000; 140,555, or 23.1 per 1,000, in 1854; 117,229 in 1863, with a rate of 26.1 per 1,000; 114,169 in 1864, representing 25.2 per 1,000 of the estimated population; 108,724 in 1865, the rate per 1,000 of the population being 23.6; and 101,497 in 1866, or 22.6 per 1,000 of the population; and the lowest six between the extremes referred to were 28,676 (equivalent to 6.7 per 1,000 of the population) in 1909; 30,676 (equivalent to 7.0 per 1,000 of the population) in 1905; 32,541 in 1898, the rate per 1,000 of the estimated population being 7.1; 33,535 (or 7.2 per 1,000) in 1897; 35,344 in 1906, representing a rate of 8.1 per 1,000; and 35,895 in 1894, yielding a rate of 7.8 per 1,000 of the estimated population in 1894.

The number of emigrants in the year 1909 is below the average for any of the decennial periods for which records are available. In the ten years, 1899-1908, the average was 57,141; in the ten years, 1889-1898, the average number of emigrants was 47,880; in the ten years, 1879-1888, the annual average was 78,150; in the ten years, 1869-78, the average number was 62,277; in the ten yearly period, 1859-1868, it was 87,363; and the average for the seven years, 1852 to 1858, was 120,877.

Table II. shows the number of emigrants from Ireland, by provinces, in each of the years 1908 and 1909, according to the sex, with the increase or decrease in the year 1909. When compared with 1908, it appears that there is in Leinster an increase 310, in Munster an increase of 1,267, in Ulster an increase of 2,154, and in Connaught of an increase of 1,450 emigrants in 1909.

Of the 28,676 Natives of Ireland who left the country last year 4,057, were from Leinster, or 3.5 per 1,000 of the population of the province in 1901; 7,880, or 7.1 per 1,000, from Munster; 10,668, or 6.7 per 1,000, from Ulster; 6,366, or 9.8 per 1,000, from Connaught; the total number being equal to 6.4 per 1,000 of the population of Ireland in 1901.

In Table III., page 6, the numbers and sexes of the emigrants from each county and province of Ireland from the 1st of May, 1851, to the 31st of December, 1909, are given, and for the purposes of comparison between the several counties and provinces, in Ireland, the percentage of Emigrants to the population†, is also given.

Number of Emigrants from each County and Province.

Therein it may be seen that during the period mentioned above an aggregate total of 4,203,442 persons emigrated from Irish ports. Of these, 4,154,986 were Natives of Ireland, and 48,456 were persons belonging to other countries. The number of Natives of Ireland who emigrated (4,154,986) is equivalent to 77·6 per cent. of the average population,† Munster contributing 1,450,909 persons, being equal to 104·2 per cent. of the average population of the province; Connaught, 693,974, or 83·9 per cent.; Ulster, 1,177,923, or 66·0 per cent.; and Leinster, 723,141, equivalent to 53·4 per cent. of its average population.† The county to which the Emigrants belonged was not specified in the returns in 110,739 cases; this information has, however, been obtained in every case since 1876, with the exception of 53 cases in 1880 and 71 in 1909.

† Calculated on an average of the Census Numbers for 1851, 1861, 1871, 1881, 1891 and 1901.

The ages of the emigrants in the year 1909 are shown in 9 periods in Table IV. Therein it appears that 86.3 per cent. of the persons who left Ireland in 1909 were between the ages of fifteen and thirty-five years, the percentage over thirty-five years of age being 6.3, and that of persons under fifteen years 7.4. In 1908 the corresponding percentages for the three age-periods given above, were 81.2, 7.7, and 11.1 respectively, and in 1907 the respective percentages were 83.9, 6.6, and 9.5. The percentage of the Emigrants in 1906, who were from fifteen to thirty-five years of age, was 83.1; in 1905, the percentage was 84.1; in 1904, it was 83.8; in 1903, it was 80.9; in 1902, 81.5; in 1901, 80.5; in 1900, 82.2; in 1899, 82.9; in 1898, 82.3; in 1897, 83.0; in 1896, 83.7; in 1895, 84.7; in 1894, 83.1; in 1893, 85.0; in 1892, 83.2; in 1891, 82.5; and in 1890, 81.0.

The numbers, ages, sexes, and conjugal condition of the emigrants from each county of Ireland is given in Table 1, pages 10-11, also similar information with respect to persons belonging to other countries, who embarked at Irish ports during the year 1909. The only quinquennial age-period in which the females greatly outnumbered the males is that between fifteen and twenty; at this age-period the number of females was 4,013, and of males 1,897. The quinquennial age-period, 20-25 years, furnished the largest number of both male and female Emigrants (6,353 males and 5,451 females)—the emigrants at this age-period forming 40.4 per cent. of the entire number of those who emigrated during the year 1909.

Of the male emigrants in 1909 numbering 15,382, 1,286 or 8.4 per cent. were described as married men or widowers; and of the 13,848 female emigrants, 1,444 or 10.4 per cent., were returned as married or widowed. Of the 11,504 persons between the ages of 20 and 25 years who emigrated, 204 only were married—55 males and 149 females.

The destinations of the emigrants—Natives of Ireland—are shown from each county during the year 1909 in the detailed table on page 15. This table shows that 26,145, (or 91.2 per cent. of the total) emigrated to the Colonies or to Foreign Countries, and 2,581, (or 8.8 per cent.) to Great Britain. The United States of America was the destination of 21,774, (or 76.0 per cent.) of the total number of emigrants (Natives of Ireland) in 1909, in comparison with an average of 24,520, (or 76.4 per cent.) for the four preceding years. Emigration to Canada shows an increase of 512 in 1909, as compared with 1908, the numbers being 3,043 in 1909, and 2,531 in 1908. The number of emigrants to South Africa in 1909 was 148, as in the year 1908. The emigrants to Australia numbered 752 in 1909, as against 607 in 1908, 365 in 1907, 343 in 1906, 285 in 1905, 336 in 1904, 380 in 1903, 496 in 1902, 595 in 1901, 834 in 1900, 1,005 in 1899, 837 in 1898, 676 in 1897, 545 in 1896, 629 in 1895, 457 in 1894, 511 in 1893, 1,216 in 1892, 1,821 in 1891, and 2,338 in 1890.

Emigrants to New Zealand numbered 272 in 1909, as against 126 in 1908. The 126 persons who went to "Other Countries" in the year 1909 include 76 returned as emigrating to South America (49 going to the Argentine Republic, 26 to Brazil, and one to Chile), 27 to France, 5 to Belgium, 8 to India, 2 to Portugal, 2 to the Fiji Islands, 2 to Jersey, and one each to Guernsey, Germany, Austria, Spain, Turkey, Egypt, Ceylon, Central Africa, and West Indies.

Among the emigrants—Natives of Ireland—to the United States in 1909, in number 21,774, there were 7,171 natives of Munster, 6,183 of Connaught, 5,547 of Ulster, and 2,873 of Leinster. Ulster contributed 378 and Leinster 209 of the 782 who left for Australia. Ulster furnished the largest contingent to Canada—2,572 out of a total of 3,043 emigrants.

The number of Natives of Ireland who left Ireland during the year 1909, with the intention of settling permanently in Great Britain, was 2,531. Of this total, 1,924 left for England and Wales, and 607 for Scotland, as against 2,104 and 1,501, the respective averages for emigrants to these countries for the four years preceding; of the number who went to England and Wales in the year 1909, 1,316 or 68·4 per cent. were natives of the province of Ulster, and of the 607 who went to Scotland no less than 499 or 82·2 per cent. were also from Ulster.

For the purposes of this Report an "Emigrant" is defined as "a person who leaves Ireland with the intention of settling permanently elsewhere," and the Enumerators have instructions to make a return of such persons departing in each passenger ship which sails from an Irish port.

TABLE V.—Showing the Destinations of the Emigrants—Natives of Ireland—who left during the years 1905, 1906, 1907, 1908, and 1909; the estimated population in the middle of each of those years; the ratio of Emigrants to the Population; and the Proportion per cent. of the total number of Emigrants who left for each Destination.

In Table 4, page 15, the destinations of the emigrants—Natives of Ireland—in 1909, the Census populations in 1901, and the ratio of the Emigrants to every 1,000 of the population for each county and province, are set forth. From this Table it appears that the highest provincial rate was 9·8 per 1,000 of the population for Connaught; Munster came next with a rate of 7·1, and the rates for Ulster and Leinster were, respectively, 6·7 and 3·5 per 1,000. In the counties, the highest rates were as follows:—Kerry, 11·2; Mayo, 11·0; Galway, 10·8; Longford, 10·8; Leitrim, 10·0; Clare, 9·7; Cavan, 8·5; and Sligo, 7·9;

Information is supplied in Table 2, on pages 12-13, concerning the occupations and ages of the Emigrants of each sex who left Ireland in 1908. From an examination of this table it will be seen that of the 14,296 males aged 15 years and upwards, 8,306, or 58·1 per cent., were returned as "labourers"; and of the 12,762 females at 15 years and upwards, 8,777, or 68·8 per cent., were returned as "servants."

The number of emigrants who embarked as steerage passengers to the United States was 20,058, and of these 6,814 had their passages paid for in America.

In the following statement a comparison is shown between the figures for 1909 and those for each of the 5 years, 1904-8 :—

Year	Steerage Passengers to the United States of America.	
	Total Number.	Number who had their passages paid for in America.
1904	23,433	10,819
1905	22,346	8,554

1907	27,533	8,997
1908	15,573	5,268
1909	20,058	6,814

Regarding those emigrants whose passages were paid for in America, numbering 6,814 in the year 1909, 469 left in March Quarter, 3,908 in June Quarter, 1,650 in September Quarter, and 787 in December Quarter. Information regarding the occupations and ages of emigrants to the United States of America is furnished in Table 3 on page 14 of this Report.
